Student Name: \_\_\_\_\_

Parent Name: \_\_\_\_\_

Date: \_\_\_\_\_

To assist us in assessing whether your son or daughter is ready to go on a foreign exchange, please give us your response to the following questions (if you need more space, feel free to write on the back):

1. Why would you like your child to go on a foreign exchange?

---

---

---

---

---

2. We find that qualities such as flexibility, openness, and a solid interest in schoolwork are the most beneficial for an exchange. Do you feel that your child possesses such qualities?

---

---

---

---

---

3. What other circumstances in your son's or daughter's home environment would support a foreign exchange experience?

---

---

---

---

---

4. What circumstances, if any, would make a foreign exchange experience challenging?

---

---

---

---

---

5. Is your son or daughter currently experiencing emotional or behavioral difficulties? If so, please describe.

---

---

---

---

---

6. When your child does not have scheduled activities, what does he or she do?

---

---

---

---

---

7. Do you have a clear understanding that the exchange may be terminated if your child engages in activities or behavior that are incompatible with a successful exchange?

---

---

8. Do you have a clear understanding that Academe of the Oaks:

- is not responsible for identifying and matching potential exchange partners?
- requires that your tuition accounts remain in good standing?
- requires that your son or daughter do make-up work in certain subjects in order to meet the high school credit requirements?

Thank you.
